About Us

English Domain, part of Domain Group, is a prestigious licensed school in Malta, offering a diverse range of English courses for both adults and juniors.

The English language school caters for General English as a Foreign Language amongst other programmes like English for Specific Purposes, English for Executives and also exam preparatory courses. Tailormade programmes for young learners are also available throughout the year. In addition to this, various evening courses are also organised catering for different industry sectors, apart from regular workshops for foreigners living and working in Malta. A highly immersive short course is available for those who want to learn English in a brief period – this course is organised on a one-to-one basis and customised for the individual concerned.

Our Partners

The pedagogical approach and methods used by English Domain are in line with the school's educational philosophy, which emphasises communicative language teaching and student-centred learning, prioritising student engagement and active learning. This involves techniques such as collaborative learning, task-based learning, and mediation (life skills) to develop students' communicative competence.

English Domain works in collaboration with Domain Academy which is an institution of further and higher education. Students can also achieve MFHEA accredited Level 2 and Level 4 English Proficiency qualifications through our General English program.

With a commitment to excellence, we ensure our students receive a comprehensive education to meet their personal and professional goals.

Malta

Located at the centre of the Mediterranean, Malta is made up of three main islands and a few smaller ones. The main island of the archipelago is also called Malta. The smaller islands are Gozo and Comino. Each has its own character; they are compact and easy to get around, and easy to reach. Short ferry hops link Gozo and Comino with the main island.

Malta has managed to strike the right balance between traditional hospitality and a cosmopolitan spirit born of our millennial history of welcoming people from all around the region and beyond. Moreover, Malta has developed into a highly sought-after location for international movie production, while Valletta's majestic Grand Harbour welcomes cruise liner passengers from all over the world. The island's architectural heritage, spanning over seven millennia, will present an impressive backdrop to all your activities. Malta and its sister islands of Gozo and Comino offer far more than the traditional Mediterranean sun and sea.

They present a veritable treasure trove of heritage and culture, both ancient and modern – a living testimony to 7,000 years of civilisation. Having three UNESCO World Heritage Sites and more monuments per square kilometer than any other country, our islands have an astonishing concentration of unique cultural and historical attractions. A stroll through our towns and villages is bound to give you that particular 'lost in time' feeling.

Testimonials

“The classroom was really good. My teacher taught me a lot. It is one thing to know English but it is something else when you talk with a native speaker. The lessons were really interactive and engaging. I looked forward to come to class every day.”
